

TOTAL PROJECT INTEGRATION

Retail projects

Moussaieff Jewellery Ltd, New Bond Street, London

A flagship store for Moussaieff Jewellery Ltd

TPI was Construction Manager on this project and also undertook Project Management, Employers Agent, Quantity Surveyor and CDM Coordinator duties.

Sedley Place

90,000 ft² flagship mixed use development in Oxford Street including retail, office and residential space. This development was undertaken for the Corporation of London.

TPI undertook Project Management and Employers Agent duties on the base build contract along with monitoring of the fit-out works.

Marylebone High Street, London

TPI's involvement in the development of Marylebone High Street for the Howard de Walden Estate is longstanding. It includes the construction and fit-out of a new supermarket with residential accommodation above. TPI undertook Project Management duties on this project.

50/51 Marylebone High Street, London

Construction of two new restaurant units including forming new basements and six contemporary flats above, all behind a retained period façade.

TPI undertook Project Management duties on this project.
